

## ReCPro Software: COVID-19

What we are all experiencing as a nation regarding the coronavirus is unprecedented. We realize that most of you are dealing with new and quickly changing situations that have required you to close your facilities, cancel events or programs and possibly even work from home. Like you, our organization has taken the necessary and recommended steps to keep our staff and their families safe and healthy. While doing so we have also put systems in place to ensure that our team is prepared, available and responsive to provide you and your staff with uninterrupted support and assistance.

If your team needs assistance, please don't hesitate to contact our support staff through normal means (email, phone or online chat on our website). In the meantime, we hope that you and your families remain safe and healthy.

Sincerely,

Christopher Andrews, President  
R.C. Systems, Inc.
